Air Supply - All Out Of Love Intro

Tom: C

I was looking at some of the various works in this archive and stumbled

across this song. The two chord versions are so off I felt obligated to register

an account and at least try to give people something in the 'right key'.

I've posted this under TAB, it is actually Chords with finger picking. I hope you find this info. helpful. Listening to the song while playing

should hopeful make

this fairly accurate.
