

# AJR - 2085

tom:

You work hard for now, just now  
Just now

You work hard for now, just now  
Just now

If somebody told me I'd die at 40  
I wouldn't have spent my time in bed  
Writin' my dumb songs, my growin' up songs  
I should just grown up instead

You work hard for now, just now  
Just now

Now all of the interns are no longer interns  
How long have I been out of town?

'Cause sometimes I wonder if I had kissed her  
How different life would be right now

I smile when I cry to hide what I felt  
I'm doin' fine, speak for yourself

I shoulda just asked for help

He-y  
It's 2085 and we're old as shit

What?ver  
He-y  
I'd hate to hav? to die 'fore I get my head together Whatever

You work hard for now, just now  
Just now

So finish your work now, it's gettin' warm out  
If you got friends, don't let them leave

I turned 20-somethin', it didn't mean nothing  
'Cause not one of them were there to see

You work hard for now, just now  
Just now

And go tell your grandson to go tell his grandson  
You don't have to try so hard, ya know

'Cause I spent my whole life tryna be so liked

That only made 'em hate me more

Did I make you proud?  
Did I screw this up?

Sing with me now  
It's all that I've got  
To know if I did or not (okay, okay)

He-y  
It's 2085 and we're old as shit

What?ver  
He-y  
I'd hate to hav? to die 'fore I get my head together Whatever

You work hard for now, just now  
Just now (Whatever)

You work hard for now, just now  
Just now

( E )  
Ooh-ooh-ooh-ooh ooh-ooh-ooh-ooh

You gotta get better, you're all that I've got  
Ooh-ooh-ooh-ooh ooh-ooh-ooh-ooh

Don't take forever, you're not here for long  
Ooh-ooh-ooh-ooh ah-ah-ah-ah

You gotta get better, you're all that I've got  
( E Dbm Ab A Am )

I wish I was me, whoever that is  
I could just be and not give a shit

Hey, I'll be whatever makes you a fan  
'Cause I don't know who the hell I am

I think it's too late to figure this out  
If I could be me, I would've been it by now

Maybe I'm a stone, or big as my house  
It looks like our time is runnin' out

So if this is me, then I'll do my best  
I'll take all the shit, so you'll never have to

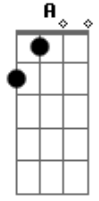

You can be you, and I'll be the rest  
And maybe that's who the hell I am

Ooh-ooh-ooh-ooh ooh-ooh-ooh-ooh
