

AJR - I'm Ready

Tom: C

You're feeling good, you're feeling right
 Across the floor, and I'm already losing my mind
 Baby girl, looking fine
 Watch you playing and playing and playing these guys
 Catch my stare, little smile
 Tell me that you're ready and you're feeling the vibe
 Someday I'll be so damn sublime
 We'll arrive behind a hash-tag sign
 I won't forget you, but I may
 Forget your name

My lady
 I know what you're thinking
 When the bass stars ringing
 Can you tell me when you're stoked to start?
 Are you ready for tonight, setting it on fire
 And we'll dance until we're dumb in the dark

My lady
 I know what you're thinking
 When the bass stars ringing
 Can you tell me when you're stoked to start?
 Are you ready for tonight, setting it on fire
 And we'll dance until we're dumb in the dark

Are you ready?
 I'm ready

Em G

Break me down, dirty jokes
 Watch me dear, and say what you wanna know
 Beauty lies, within the eyes
 Of the beholder, I'll be holding you close all night
 I won't forget you, but I may?
 Forget your name

My lady
 I know what you're thinking
 When the bass stars ringing
 Can you tell me when you're stoked to start?
 Are you ready for tonight, setting it on fire
 And we'll dance until we're dumb in the dark

My lady
 I know what you're thinking
 When the bass stars ringing
 Can you tell me when you're stoked to start?
 Are you ready for tonight, setting it on fire
 And we'll dance until we're dumb in the dark
 Are you ready?

I'm ready
 Break me down, I'm ready, break me down
 Break me down, I'm ready, break me down
 Break me down, I'm ready, break me down
 Break me down, I'm ready, break me down
 I won't forget you, but I may
 Forget your name
 I'm ready

Break me down, I'm ready, break me down
 Break me down, I'm ready, break me down
 I'm ready
