

AJR - The Trick

tom:

D

[Primeira Parte]

I got a dog and my dog can dance
 Just not in public and not with my friends
 I got a girl and she's twenty-eight
 Now I'm the coolest guy in all of eight grade

I know a kid that you've never met
 His dad is a rockstar, we smoked in his van
 I know a trick, do you wanna see?
 I can be anything that I pretend to be

[Refrão]

We'll get out of this
 We'll get out of this too
 I'm not proud of this
 But I'm not proud of the truth
 And if you'll run away from me
 Then I'll use my trick on you
 The truth is that I'm screwed

(D Gbm G D)
 (Bm D G Em)

I went to France and danced in the rain
 And told you all about it on our first date
 My dad doesn't lie, so you can't meet my dad
 'Cause you fell in love with the me that
 Went to France

[Refrão]

We'll get out of this
 We'll get out of this too
 I'm not proud of this
 But I'm not proud of the truth
 And if you'll run away from me,
 Then I'll use my trick on you
 The truth is that we're screwed

(D Gbm G D)
 (Bm D G Em D)

We'll get out of this
 'Cause I love you, I do
 We'll get out of this
 'Cause I love you, it's true
 But if you're doubting this
 If you're doubting that I do
 Then oh my God I'm screwed
