

Alan Bernardes - Nostalgia

Tom: Eb

Mesmo que eu pareça um bobo

Mesmo que eu não seja nada

Mesmo que eu não use marca

Meu chevette vai pra estrada

Pois eu gosto da vitrola, o preto e branco o antigo me fascina

Gosto de viver intensamente se lembre meu bar é de esquina

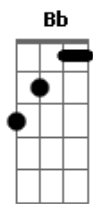

Prefiro o Long Play(LP) das coisas que eu sei que vieram com a evolução

Que volte Noel que volte o corte channel e que explodam a televisão

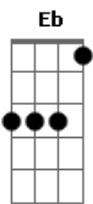

Prefiro o movimento das meninas que migram do sul (Prefiro as praias desertas da América do Sul)

Prefiro a Nostalgia e a calma do verde e o azul (Nostalgico na areia observando este céu azul)
