

Alan Jackson - Every Now And Then

Tom: A

(com acordes na forma de G)
 Capotraste na 2ª casa
 Intro: C D G Em C D G D

The love you thought was dead and gone
 Somehow keeps on hanging on
 Even when your heart has left it far behind
 Just when you have turned the page
 It seems to find a way
 There it is again
 Every now and then

Refrão:
 And every now and then that old feeling comes around
 Every now and then I see your face in another cloud
 And every now and then some old something takes me, right back again
 Every now and then

You can finally breathe life in
 Without wondering where she's been
 Go to sleep at night without her on your mind
 In a second it appears
 Followed by familiar tears

Like a long lost friend
 Every now and then

Refrão:
 And every now and then that old feeling comes around
 Every now and then I see your face in another cloud
 And every now and then some old something takes me, right back again
 Every now and then

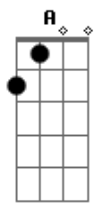

(Instrumental)

And I know it's all for nothing
 There's no going back to way back then

Refrão:
 And every now and then that old feeling comes around
 Every now and then I see your face in another cloud
 And every now and then some old something takes me, right back again
 Every now and then
 I still love you
 Every now and then

(C D G)
