

Alan Jackson - Hard Hat And a Hammer

Acordes

```
Hands of steel and cradle of the Promised Land
                           (EAB) (2x) EAB7
God bless the working man
He gives his life then fades away
Another young man takes his place
Average Joe, average pay
Same ol end, same old' day
But there's nothing wrong with a hard hat and a hammer
Kind of glue that sticks this world together
Hands of steel and cradle of the Promised Land
No, there's nothing wrong with a hard hat and a hammer
Kind of glue that sticks this world together
Hands of steel and cradle of the Promised Land
God bless the working man
The working man
                  E A B
Oh, the working man
  and woman.
```
