

# Alan Jackson - Little Man

Tom: Db

(com acordes na forma de C)  
 Capotraste na 1ª casa  
 (capo 1ª casa)

(intro) C F

(verse 1)

C G  
 remember walk'in round the court square sidewalk  
 F  
 Lookin' in windows at things I couldn't want  
 C G  
 There's johnson's hardware and morgans jewelry

F  
 And the ol' Lee king's and the pots they carried  
 C F  
 They were the little man  
 C F  
 The little man

(verse 2)

C G  
 I go back now and the stores are all empty  
 F  
 Except for an old coke sign from 1950  
 C G  
 Boarded up like they never existed

F  
 Or renovated and called historic districts  
 C F  
 There goes the little man  
 C  
 There goes the little man

(refrão)

Am F  
 Now the court square's just a set of streets  
 C G  
 That the people go round but they seldom think  
 Am F  
 Bout the little man that built this town  
 C G  
 Before the big money shut em down

C F  
 And killed the little man  
 C  
 Oh the little man

(same all the way through)

(verse 3)

He pumped your gas and he cleaned your glass  
 And one cold rainy night he fixed your flat  
 The new stores came where you do it yourself  
 You buy a lotto ticket and food off the shelf  
 Forget about the little man  
 Forget about that little man

(verse 4)

He hung on there for a few more years  
 But he couldn't sell slurpees  
 And he wouldn't sell beer  
 Now the bank rents the station  
 To a man down the road  
 And they sell velvet Elvis and  
 Second-hand clothes  
 There goes little man  
 There goes another little man

(refrão)

(verse 5)

Now the are lined up in a concrete strip  
 You can buy the world with just one trip  
 And save a penny cause it's jumbo size  
 They don't even realize  
 They'er killin' the little man  
 Oh the little man  
 (refrão)

(verse 6)

It wasn't long when I was a child  
 An old black man came with his plow  
 He broke the ground where we grew our garden  
 Back before we'd all forgot about the little man  
 The little man  
 Long live the little man  
 God bless the little man
