

Alan Jackson - Maybe I Should Stay Here

Tom: D

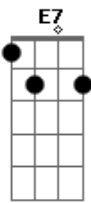

Maybe I should stay here, for the rest of my life
 My compliments to you dear, you're so easy on the eyes
 I'm liking how my Jack and water,
 Mixes with your Estee Lauder, Oooh
 So maybe I should stay here, and keep making eyes at you
 Maybe you should stay here, I beg you not to go
 There's something I must say dear, I'm compelled to let you know
 My intuition makes me think that

Holding you's a possibility, Oh oh
 So maybe you should stay here, and keep making eyes at me
 Some lovers lose, some lovers win, but honey I don't care
 Somebody said only fools rush in but me, I'm already there
 So maybe we should stay here, 'cos here's were we belong
 Like me the night is lonely, like you the night is young
 There's no reason why we shouldn't let these
 Feelings here just happen naturally, oh yeah
 So maybe we should stay here, for all eternity
 Oh baby we should stay here, just you and me.....
