

# Alan Jackson - That's Where I Belong

Tom: E

(com acordes na forma de Capotraste na 2ª casa Intro: 2x: G A D )

G A D  
When the frantic pace of life attacks me  
G A D  
And weighs me to the ground  
G A D  
I long for someplace to escape  
G A  
To the one place i have found

G A D  
No stoplights to obey  
G A D  
No signs or limits there  
G A D  
Just drop the hook  
D G A D  
And make your home almost anywhere

Refrão:  
G A D  
Where the sky meets the water  
G A D  
Where the wind is my song  
G A D  
Where the sun is my brother  
G A D  
That's where I belong

G A D  
The gentle motion of the seas  
G A D  
Just rocks me off to sleep  
G A D  
No sirens, cars or screams  
G A  
just quiet ocean breeze

G A D  
A frigate bird encircles me  
G A D  
A 1000 feet above  
G A D  
She dips her wing and bows her head  
G A D  
Like we share a common lover

Refrão:  
G A D  
Where the sky meets the water  
G A D  
Where the wind is my song  
G A D  
Where the sun is my brother  
G A D  
That's where I belong

G A D  
When the moonlight cracks the edge of night  
G A D  
And stars are everywhere

G A D  
I can taste the rum and coke  
G A  
And I can smell that salty air

G A D  
A light spray across my bow  
G A D  
Cools the evening sun  
G A D  
As it slowly melts into the sea  
G A D  
And tells me day is done

G A D  
When the common themes of life  
G A D  
They come and overload my brain  
G A D  
I steer my thoughts right to that place  
G A  
That takes me far away

G A D  
When the traffic fills that concrete path  
G A D  
That takes me back and forth  
G A D  
I usually sit and dream about  
G A D  
That biggest piece of earth
