

Alan Jackson - Work In Progress

Tom: E

E
 Okay, I forgot about the trash
A
 I didn't trim the long hairs on my mustache
E **B**
 I did by you a ring, I believe it was back in '93
E
 Alright I admit, I forgot our anniversary
A
 I did pick up the baby, this mornin' at the nursery
E **B** **E** **E** **Gb** **A**
 That ain't no big thing, but it's a gold star for me.

Refrão:

A
 You get tired and disgusted with me
E
 When I can't be just what you want me to be
A
 I still love you and I try real hard
B
 I swear one day you'll have a brand new car
A
 I even ask the Lord to try to help me
E **A**
 He looked down from heaven and said to tell you please
E **B** **E**

Just be patient, I'm a work in progress

E
 I'm sorry I got mad, waitin' in the truck
A
 It seemed like hours you getting' all dressed up
E **B**
 Just to go to Shoney's, on a Wednesday night
E
 I read that book you gave me 'bout Mars and Venus
A
 I think it's sinkin' in but I probably need to reread it
E **B** **E**
 But I'm startin' to see now...what you been sayin' is right
E
 I know you meant well when you bought me them clogs,
A
 But my heals get hot down by the mufflers on my hog
E **B**
 I'm sure they're stylish, but I'll take my boots
E
 And I've tried to do that health thing like ya want me ta do
A
 But that low fat and no fat's getting hard to chew
E **B** **E**
 I love your cooking honey but..sometimes, I need some real
 food...chorus
