

Alan Walker - All Falls Down

Tom: C

What's the trick? I wish I knew
 I'm so done with thinking through all the things I could've been
 And I know you want me, too
 All it takes is that one look at you and I run right back to you
 You cross that line and it's time to say F you
 What's the point in saying that when you know how I'll react?
 You think you can just take it back, but shit just don't work like that
 You're the drug that I'm addicted to, and I want you so bad
 Guess I'm stuck with you
 And that's that

Cause when it all falls down, then whatever
 When it don't work out for the better
 If it just ain't right, and it's time to say goodbye
 When it all falls down, when it all falls down
 I'll be fine
 I'll be fine
 You're the drug that I'm addicted to
 And I want you so bad, but I'll be fine
 Why we fight? I don't know
 We say what hurts the most

Oh, I tried staying cold, but you take it personal
 All these firing shots and making ground
 It's way too hard to cope, but I still can't let you go
 Cause when it all falls down, then whatever
 When it don't work out for the better
 If it just ain't right, and it's time to say goodbye
 When it all falls down, when it all falls down
 I'll be fine
 I'll be fine
 You're the drug that I'm addicted to and I want you so bad
 But I'll be fine
 I'll be fine
 I'll be fine
 I'll be fine
 I'll be fine
 Cause when it all falls down, then whatever (then whatever, babe)
 When it don't work out for the better (for the better)
 If it just ain't right, and it's time to say goodbye
 When it all falls down (when it all, when it all)
 When it all falls down (when it all falls down)
 I'll be fine (fine, fine, fine), I'll be fine (I'll be fine)
 You're the drug that I'm addicted to and I want you so bad
 But I'll be fine (I'll be fine)
 And that's that
