

# Alan Walker - All Falls Down

Tom: C

What's the trick? I wish I knew  
 I'm so done with thinking through all the things I could've been  
 And I know you want me, too  
 All it takes is that one look at you and I run right back to you  
 You cross that line and it's time to say F you  
 What's the point in saying that when you know how I'll react?  
 You think you can just take it back, but shit just don't work like that  
 You're the drug that I'm addicted to, and I want you so bad  
 Guess I'm stuck with you  
 And that's that

Cause when it all falls down, then whatever  
 When it don't work out for the better  
 If it just ain't right, and it's time to say goodbye  
 When it all falls down, when it all falls down  
 I'll be fine  
 I'll be fine  
 You're the drug that I'm addicted to  
 And I want you so bad, but I'll be fine  
 Why we fight? I don't know  
 We say what hurts the most

Oh, I tried staying cold, but you take it personal  
 All these firing shots and making ground  
 It's way too hard to cope, but I still can't let you go  
 Cause when it all falls down, then whatever  
 When it don't work out for the better  
 If it just ain't right, and it's time to say goodbye  
 When it all falls down, when it all falls down  
 I'll be fine  
 I'll be fine  
 You're the drug that I'm addicted to and I want you so bad  
 But I'll be fine  
 I'll be fine  
 I'll be fine  
 I'll be fine  
 I'll be fine  
 Cause when it all falls down, then whatever (then whatever, babe)  
 When it don't work out for the better (for the better)  
 If it just ain't right, and it's time to say goodbye  
 When it all falls down (when it all, when it all)  
 When it all falls down (when it all falls down)  
 I'll be fine (fine, fine, fine), I'll be fine (I'll be fine)  
 You're the drug that I'm addicted to and I want you so bad  
 But I'll be fine (I'll be fine)  
 And that's that
