

Alanis Morissette - Ablaze

tom:

Intro: G C Em7 D
G C Em7 D

The first thing that you'll notice is some
Separation from each other
Yes, it's a lie; is that we've been
Believing since time immemorial
There was an apple, there was a snake, there
Was division
There was a split, there was a conflict in
The fabric of life

One became two and then everyone was out for

Themselves
Everyone was pitted against each other

Conflict ruled the realm
All our devotions and temperaments are

Pulled from different wells
They seem to easily forget we are made of
The same cells

[Refrão]

To my boy: all that energy so wild
All you hues and your blues in equal measure
Your comings and your goings-away
My mission is to keep the light in your eyes
Ablaze

The second thing you'll notice is that often
We think that there's not enough
It might feel dark, it might feel lonely and
You'll wonder why you're here
You may be overcome with darkness and a
Sense of hopelessness
But it won't matter if you keep your core
Connected to the one-ness

[Refrão]

To my girl: to your innocence and fire
When you reach out, I am here Hell or High
Water

This nest is never going away
My mission is to keep the light in your eyes
Ablaze

[Ponte]

And this cord is unbreakable
This pilot light is there in your pocket
And this bond, beyond un-shakeable
Even if we all forget, all at the same time
All at the same time
If we forget at the same time

The tenth thing you might notice is that
Everyone has fantasies
Different perspectives they would likely
Fight over who is right and
Who is the best? Who has won? Who's better
Than the other?
None of that will matter much when you
Return to your place in the sun
Your place in the sun

To my girl: all your innocence and fire
When you reach out, I am here Hell or High
Water
This nest is never going away
My mission is to keep the light in your
Eyes

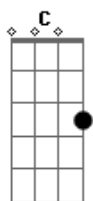

To my boy, all that energy so wild
Love your hues and your blues in equal
Measure
Your comings and your goings-away
My mission is to keep the light in your eyes
Ablaze

The first thing that you'll notice is that
Everything is temporary
The next you might notice is that we will
Always be a family
My mission is to keep the light in your eyes
Ablaze
