

Alanis Morissette - Limbo No More

Tom: G

My house, my role
 My friends, my man
 My devotion to God
 All the more feels indefinite
 Nothing's been clear
 Nothing's been in
 Nothing's felt true
 Nothing's belonged
 Nothing's been yes
 Nowhere's been home
 And I'm ready to be limbo no more

My taste, my peers
 My identity, my affiliation
 All the more feels indefinite
 Nothing's been clear
 Nothing's been in
 Nothing's felt true
 And I've never had both feet in
 Nothing's belonged
 Nothing's been yes
 Nowhere's been home
 And I'm ready to be limbo no more

I sit with filled frames

And my books and my dogs at my feet
 My friends by my side
 My past in a heap
 Thrown out most of my things
 Only kept what I need to carve
 Something consistent and notably me
 Tattoo on my skin
 My teacher's in heart
 My house is a home
 Something at last I can feel a part of
 Sense of myself
 My purpose is clear
 My roots in the ground
 Something at last I can feel a part of
 Something aligned
 To finally commit
 Somewhere I belong
 Cuz I'm ready to be limbo no more
 My wisdom applied
 A firm foundation
 A vow to myself
 'Cuz I'm ready to be limbo no more
