

# Alanis Morissette - Limbo No More

Tom: G

My house, my role  
 My friends, my man  
 My devotion to God  
 All the more feels indefinite  
 Nothing's been clear  
 Nothing's been in  
 Nothing's felt true  
 Nothing's belonged  
 Nothing's been yes  
 Nowhere's been home  
 And I'm ready to be limbo no more

My taste, my peers  
 My identity, my affiliation  
 All the more feels indefinite

Nothing's been clear  
 Nothing's been in  
 Nothing's felt true  
 And I've never had both feet in  
 Nothing's belonged  
 Nothing's been yes  
 Nowhere's been home  
 And I'm ready to be limbo no more

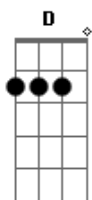

I sit with filled frames

And my books and my dogs at my feet  
 My friends by my side  
 My past in a heap  
 Thrown out most of my things  
 Only kept what I need to carve  
 Something consistent and notably me  
 Tattoo on my skin  
 My teacher's in heart  
 My house is a home  
 Something at last I can feel a part of  
 Sense of myself  
 My purpose is clear  
 My roots in the ground  
 Something at last I can feel a part of  
 Something aligned  
 To finally commit  
 Somewhere I belong  
 Cuz I'm ready to be limbo no more  
 My wisdom applied  
 A firm foundation  
 A vow to myself  
 'Cuz I'm ready to be limbo no more
