

Alanis Morissette - No Pressure Over Cappuccino

Tom: E
Intro: E E7M 2x

And you're like a 90's Jesus
And you revel in your psychosis
How dare you?

And you sample concepts like hors d'oeuvres
And you eat the questions for deserve
Is it just me or is it hot in here?

And you're like a 90's Kennedy
And you're really a million years old
You can't fool me

They'll throw opinions like rock in riots
And they'll stumble around like hypocrites
Is it just me or is it dark in here?

A

Well, you may never be or have a husband
You may never have or hold a child

You will learn to lose everything

We are temporary arrangements
Ah, ah...

And you're like a 90's Noah

And they laughed at you
As you packed all of your things

And they wonder why you're frustrated

And they wonder why you're so angry
(And) Is it just me or are you fed up

E E7M A B ...

And God bless you in your travels

In your conquests and queries
