

Alanis Morissette - Spiral

Tom: E

E Abm A
 I could be daydreaming but for a moment
 and somehow they're creeping back in
 I could be sleeping and wake in a torrent
 somehow I get caught in their grips again

A B Dbm B
 and here I am in my shame spiral
 I'm sucked into it again
 and I reach out for your benevolent opinion
 A B Dbm B E
 and you bring the light back in... oooh

E B A
 don't leave me here with all these critical voices cause they
 do the best to bring me down, bring me down
 when I'm alone with all these negative voices I will
 need your help to turn them down, turn them round

E Abm A
 I could be listening to a conversation
 a story I'm not even in
 these voices have their way when I am unguarded
 suddenly I step in quicksand again

A B Dbm B
 Once again in my shame spiral
 A B Dbm B E
 I am glad that you weigh in... oooh

E B A
 don't leave me here with all these critical voices cause they
 do the best to bring me down, bring me down
 when I'm alone with all these negative voices I will
 E B A Dbm
 need your help to turn them down, turn them round

Dbm B Gbm B
 All these judgements so incisive

Dbm B A B
 voices left to their devices

Dbm B Gbm B Dbm
 this woman's neuroses a desperate plea

A B E B A E B A E
 for slack to be cut to me... cut to meeeeeeee... oooh

E B A
 don't leave me here with all these critical voices cause they
 do the best to bring me down, bring me down
 when I'm alone with all these negative voices I will
 need your help to turn them down, turn them round
