

# Alanis Morissette - Symptons

Tom: D

<sup>Bm</sup>  
The missile sent today killed only 3  
<sup>G</sup>  
The rest were saved, they're far enough away  
<sup>D</sup>  
To not really feel the direct effect on me  
<sup>A</sup>  
<sup>Bm</sup>  
They caught him today  
<sup>G</sup>  
Based ridicuolusly on his race  
<sup>D</sup>  
They weren't sure he even did it  
<sup>A</sup>  
But they needed a random face

Chorus

<sup>D</sup>  
All these symptons, symptons of a simpler cause

I've had moments in my life when I've contributed by believing  
we are  
<sup>Bm</sup> <sup>Gb</sup> <sup>D</sup> <sup>E</sup>  
Seperate, we are seperate  
<sup>G</sup> <sup>Gbm</sup> <sup>Bm</sup>  
Disconnected in this unity

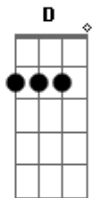

He blew the others out of the water  
He said and was glad they were disgraced

Chorus

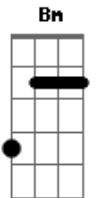

He stole what he could  
He only had minutes before he'd be caught  
He justified every penny taken by blaming the gap between the  
rich and rich not

Chorus
