

Alda Célia - Haja Luz

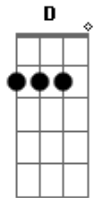

Tom: G

Afinação: Eb Ab Db Gb Bb

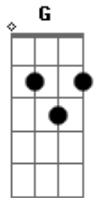

No princípio era o verbo,
 E o verbo estava com deus
 E o verbo era deus
 Tudo o que existe foi feito por ele
 E sem ele nada se fez
 E o espírito de deus se movia
 Sobre a face das águas
 À espera de um som
 Pois a terra estava em trevas,
 Sem forma e vazia
 Mas, de repente,
 Claramente se ouviu a sua voz
 Haja luz, disse jesus
 O verbo de deus proclamou

E assim se fez resplandeceu, iluminou
 A glória de deus se revelou
 E toda a treva dissipou "haja luz?, "haja luz?
 Somos herdeiros deste verbo
 E em seu nome hoje vamos ordenar haja luz
 Sim, ao som da nossa voz,
 O espírito se moverá
 Pra curar e libertar
 E todo jugo despedaçar
 Sobre o medo e a opressão: haja luz!
 Sobre o engano e a confusão: haja luz!
 Sobre a mente prisioneira
 De um passado sem perdão
 Haja luz! haja luz!
