

Alec Benjamin - The Knife In My Back

tom:

A

[Primeira Parte]

I'm slowly learning
 That the things you promised me
 Are burning like the embers
 Of a thousand willow trees
 And every single secret
 Has been broadcast like TV
 Now all the threads are severed
 That were tying you to me

[Pré-Refrão]

I thought we were friends
 But now we're enemies
 I thought we were friends
 But now we're enemies

[Refrão]

Pull your knife out of my back
 Your blood runs black
 I was just surprised at how you turned
 On me so fast
 I let you in
 I held you close
 My blood flows like a river 'cause I
 Trusted you the most
 And now I know it's over
 (Woo-ooh-ah-oooh)

And now I know it's over
 (Woo-ooh-ah-oooh)

And now I know it's over
 (Woo-ooh-ah-oooh)

And now I know it's over
 (Woo-ooh-ah-oooh)

[Segunda Parte]

I was so naive
 I even let you in my home
 Took you out for dinner and let you wear

My clothes
 I can't even breathe
 I have your scent still in my nose
 It's like I almost miss you
 I should have known

[Pré-Refrão]

I thought we were friends
 But now we're enemies
 I thought we were friends
 But now we're enemies

[Refrão]

Pull your knife out of my back
 Your blood runs black
 I was just surprised at how you turned
 On me so fast
 I let you in
 I held you close
 My blood flows like a river 'cause I
 Trusted you the most
 And now I know it's over
 (Woo-ooh-ah-oooh)

And now I know it's over
 (Woo-ooh-ah-oooh)

And now I know it's over
 (Woo-ooh-ah-oooh)

And now I know it's over
 (Woo-ooh-ah-oooh)

[Pré-Refrão]

I thought we were friends
 But now we're enemies
 I thought we were friends
 But now we're enemies

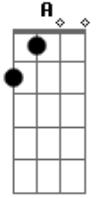

[Refrão]

Pull your knife out of my back
 Your blood runs black
 I was just surprised at how you turned
 On me so fast
 I let you in

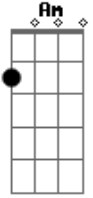

I held you close ^F
 My blood flows like a river 'cause I ^C
 Trusted you the most ^{Em}
 And now I know it's over ^{Am}
^{F C G}
 (Woo-ooh-ah-oooh)

And now I know it's over
^{F C G}
 (Woo-ooh-ah-oooh)
 And now I know it's over ^{Am}
^{F C G}
 (Woo-ooh-ah-oooh)
 And now I know it's over ^{Am}
^{F C G}
 (Woo-ooh-ah-oooh)
