

Alec Benjamin - The Water Fountain

Tom: **G**

C
She told me that she loved me by the water fountain

Am
She told me that she loved me and she didn't love him

G
And that was really lovely cause it was innocent

D
But now she's got a cup with something else in it

C
It's getting kind of blurry at a quarter past ten

Am
And he was in a hurry to be touching her skin

G
She's feeling kind of dirty when she's dancing with him

D
Forgetting what she told me by the water fountain

C
Now he's grabbing her hips and pulling her in

Am
Kissing her lips and whispering in her

G
Ear and she knows that she shouldn't listen

D
And that she should be with me by the water fountain

C
She couldn't be at home in the nighttime because

Am
It made her feel alone but at that time she was

G
Too young

D
I was too young

C
I should have built a home with a fountain for us

Am
The moment that she told me that she was in love

G
Too young

D
I was too young

C
Too young

Am
Too young

G
Too young

D

C
And if she ever goes back to the water fountain

Am
The handle will be broken and the rust set in

G
But my hand it will be open and I'll try to fix it

D
My heart it will be open and I'll try to give it

C
Now I'm grabbing her hips and pulling her in

Am
Kissing her lips and whispering in her

G
Ear and I know that it's only a wish

D
And that we're not standing by the water fountain

C
Too young

Am
