

Alesana - Curse Of The Virgin Canvas

Tom: C

This is a nightmare
Is my annabel really gone?
Her body teases me
As the sun reveals the dawn
Baby lay in my arms
And cuddle me close
Soon this will be
Just an awful memory
(Will i ever be able to sleep again?)
My angel lie to me
And tell me im dreaming
(Please wake me up, please wake me)
A girl like you will always be
Such a tragic part of me
(Oh ecstasy you torture me)
I watch the blood drip
From the corners of your mouth
Im starting to believe
What my eyes are seeing now
Baby lay in my arms

And cuddle me close
Soon this will be
Just an awful memory
(Will i ever be able to sleep again?)
My angel lie to me
And tell me im dreaming
Please wake me up, please wake me)
A girl like you will always be
Such a tragic part of me
(Oh ecstasy you torture me)
Baby lay in my arms
And cuddle me close
Soon this will be
Just an awful memory
(will i ever be able to sleep again?)
My angel lie to me
And tell me im dreaming
(please wake me up, please wake me)
A girl like you will always be
Such a tragic part of me
(oh ecstasy you torture me)
