

Alesana - Curse Of The Virgin Canvas

Tom: C

This is a nightmare
 Is my annabel really gone?
 Her body teases me
 As the sun reveals the dawn
 Baby lay in my arms
 And cuddle me close
 Soon this will be
 Just an awful memory
 (Will i ever be able to sleep again?)
 My angel lie to me
 And tell me im dreaming
 (Please wake me up, please wake me)
 A girl like you will always be
 Such a tragic part of me
 (Oh ecstasy you torture me)
 I watch the blood drip
 From the corners of your mouth
 Im starting to believe
 What my eyes are seeing now
 Baby lay in my arms

And cuddle me close
 Soon this will be
 Just an awful memory
 (Will i ever be able to sleep again?)
 My angel lie to me
 And tell me im dreaming
 Please wake me up, please wake me)
 A girl like you will always be
 Such a tragic part of me
 (Oh ecstasy you torture me)
 Baby lay in my arms
 And cuddle me close
 Soon this will be
 Just an awful memory
 (will i ever be able to sleep again?)
 My angel lie to me
 And tell me im dreaming
 (please wake me up, please wake me)
 A girl like you will always be
 Such a tragic part of me
 (oh ecstasy you torture me)
