

Alessandro Vilas Boas - One Desire (Live Uk)

tom:
Eb (forma dos acordes no tom de B)
Capostrate na 4ª casa

As the deer pants for water
So my soul desires you

Like lovers looking at each other
I pour all my affections on you
I pour all my affections on you

The lover of my soul, The fountain i Drink from
My shepherd, my closest friend
The lover of my soul, The fountain i Drink from
My shepherd, my closest friend

As a child need his father, i need your presence to come
As a child need his father, i need your presence to come
And i need your presence, then i'll go!

The lover of my soul, The fountain i Drink from
My shepherd, my closest friend
The lover of my soul, The fountain i Drink from
My shepherd, my closest friend

You are my one desite, What i long for

I need your presence, i need to know you more
You are my one desite, What i long for
I need your presence, i need to know you more

As a seal upon my arms, as a seal upon my heart
I want to burn for you, i want to burn for you
As a seal upon my arms, as a seal upon my heart
I want to burn for you, i want to burn for you

The lover of my soul, The fountain i Drink from
My shepherd, my closest friend
The lover of my soul, The fountain i Drink from
My shepherd, my closest friend

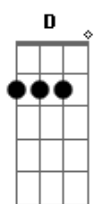

You are my one desite, What i long for
I need your presence, i need to know you more

When your presence comes, i become more like you!
When your presence comes, i become more like you!

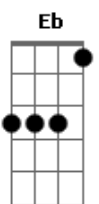

You are my one desite, What i long for
I need your presence, i need to know you more

The lover of my soul, The fountain i Drink from
My shepherd, my closest friend
