Am E Dm
Choose your weapon, and let's go
G
Who's gonna beat this level?
Am E Dm
I speed up, you slow down
G Am
Looks like I'm on your tail now
E Dm
Another round, do we give up?
G Am
This is taking longer than Zelda
E Dm
Hold on, what I meant was
G Am
Is it too late to get a 1-up?

[Pré-Refrão]

E Dm G
Baby, baby, baby, this is getting too crazy
Am
I don't have the training
E Dm
Baby, baby, baby, this love ain't a game
G
So we should stop playing

[Refrão]

Am E Dm G
Push and shove, go 'head and take your aim
Am E Dm G
We better duck 'cause right now nobody's safe
Am E Dm G
And we could grow up, but it's no fun that way
Am E Dm G
And so we treat love like it's a Nintendo game
Am E
But nobody wins

Dm G
Nobody wins
Am E
Nobody, nobody wins
Dm G
But no-, but the game goes on

[Verso]

Am E Dm
All the trash talk is getting real old
G Am
I'd rather try my hand at Rainbow Road
E Dm

I'm focused, play my next move
G Am
But you're onto me, so it's no use
E Dm
It's a showdown, a game for two
G Am
Pick each other's brains looking for clues
E Dm
A battle with no objective
G Am
Who will be the final one standing?
