

# Alessia Cara - Seventeen

Tom: A

VERSO 1:

My daddy says that life comes at you fast  
 We all like blades of grass  
 We come to prime and in time we just wither away  
 And it all changes  
 My view with a looking glass won't catch the past  
 Only photographs remind us of the passing of days  
 Oh nothing stays the same from yesteryears  
 See I recall being afraid of the dark  
 And holding on to teddy bears  
 I'd wrap myself in blankets just to cover me from fears  
 That was then and now I'm here  
 And the night is mine

REFRÃO:

So hear me scream  
 I was too young to understand what it means  
 I couldn't wait til I could be seventeen  
 I thought he lied when he said take my time to dream  
 Now I wish I could freeze the time at seventeen  
 I'm Seventeen  
 Seventeen  
 Seventeen  
 Now I wish I could freeze the time at seventeen

VERSO 2:

My mother said don't forget where you come from, where you've been  
 Always keep your closest friends they can't slip away  
 They keep you grounded  
 Oh keep yourself surrounded with good advice  
 And yeah I guess that sounded nice when I was ten  
 Oh but never were there truer words  
 And I'll my days I've ever heard

And when she told me little girl the answer is love  
 So those are words that I keep with me  
 Though the seasons change so quickly  
 Keep them buried in my heart  
 And never fought

REFRÃO:

So hear me scream  
 I was too young to understand what it means  
 I couldn't wait til I could be seventeen  
 I thought he lied when he said take my time to breathe  
 Now I wish I could freeze the time at seventeen  
 I'm Seventeen  
 Seventeen  
 Seventeen  
 Now I wish I could freeze the time at seventeen

PONTE:

I been goin on, I been growin up  
 I'm a know it all, I don't know enough  
 See I was racing and waiting for the day that I would be old enough  
 Guess I'll be patient and pace myself gotta prepare for when goings rough

REFRÃO:

So hear me scream  
 I was too young to understand what it means  
 I couldn't wait til I could be seventeen  
 I thought he lied when he said take my time to breathe  
 Now I wish I could freeze the time at seventeen  
 I'm Seventeen  
 Seventeen  
 Seventeen  
 Now I wish I could freeze the time at seventeen
