

## Alex G - Break

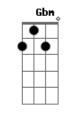

```
tom:
                Dbm
Tapping out
 Dbm Gbm
In my head I see bright lights
     Dbm
                      Gbm
                                               Am
I think I'm feeling it now just like you did
Taking hits for you

Dbm Gbm
Cause I wanna feel like I'm supposed to
I could disappear
             Gbm
   Dbm
If this is what makes me feel so real
And I'd break for you baby
Cause you make it feel so good
And I'd break for you baby
Cause you make it feel so good
```

```
(E Dbm Gbm A)
(E Dbm Gbm A Am)
Hold me down
              Gbm
And maybe I'll quit if you stick around
Keep quiet
                    Gbm
Its the only place i know but its my favorite
And I'm sick for you baby
Gbm
And it's never gonna go away
And I'm sick for you baby
And it's never gonna go away
And I'm sick for you baby
And it's never gonna go away
And I'm sick for you baby
And it's never gonna go away
```
