Tom:

Em Am C
Sarah runs to feel the burning in her lungs
To feel her head
Do you know what Sarah meant?
Then she said you be my guest
To keep the taste, they may erase your memories
But wait for you, you even on the rain
I can't be what you need I am stuck
In a tree, I am stuck in a tree
Don't you know she's been here
All along, in the tree she belong

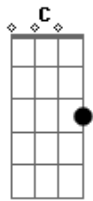

In the tree

Em Am C
Every day I'll make promises that way
To Sarah's heart so I can watch her fall apart
'Cause I know when I break her down
Must mean that all the happy plans that live around
This muddy town, she was, we like
A dog and when we mess around
I let her know the truth like down
That I unfold, we're staying down
Every time I wake her I say again
The game I play
That I make all mistakes
(C Em Am C G C)
(G C Em Am C G C)
