

# Alex Hoyer - Catching Fire

Tom: Db

Like a bottle rocked  
Shooting to the sky  
Or Halley's comet  
Going on a ride  
There's no way stopping  
Till the stars align  
(Till the stars align)

Like a constallation  
Lightin' up the night  
You're the inspiration  
Yeah, you breathe life  
Into my creation  
And you make it shine  
(And you make it shine)

Strike up a match  
Watch it ignite  
You are the spark and I'm  
Catching fire  
I'm burning up  
I'm burning up  
Fire  
I'm burning up  
I'm burning up  
Starting something great  
Only takes an ember  
Once you fam the flame  
It can last forever  
Catching fire  
Fire  
Oh, oh, oh  
Oh, oh, oh  
Oh, oh, oh

Oh, oh, oh  
I'm catching fire

Watch me burn  
Brighter than a firework  
Brighter than the sun  
On the brightest day

You're the spark  
Anytime I'm in the dark  
You will light the way  
You will light the way

Catching fire  
(It's catching fire)  
I'm burning up  
I'm burning up (oh)  
Fire (yeahh)  
I'm burning up  
I'm burning up

I'm starting something great  
Only takes an ember  
Once you fam the flame  
It can takes forever  
Catching fire  
Fire (catching fire)  
Oh, oh, oh  
Oh, oh, oh  
I'm catching fire  
Oh, oh, oh  
Oh, oh, oh  
I'm catching fire
