

Alexi Murdoch - All My Days

Tom: G

I have been searching all of my days

All of my days

Many a road you know

I've been walking on

All of my days

And I've been trying to find

Whats been in my mind

As the days keep turning into nights

(Repete, só a letra muda)

Final:

And even breathing feels alright

Yes even breathing feels alright

Now even breathing feels alright

Yes even breathing feels alright

Acordes
