

Alex Turner - Strange

Tom: A

(com acordes na forma de
Capostrate na 2ª casa

Strange how you stopped loving me,

How you stopped needing me,

When he came along

Oh how strange.

Strange that you changed like night and day,

Just upped and walked away,

When he came along,

Oh how strange.

Well I guess that I was just your puppet you held on a string,

To think I thought you really loved me,

But look at what thoughts can bring.

Strange you're still in all my dreams

Oh such a funny thing,

I still care for you,

Whoa how strange.

Well I guess that I was just your puppet you held on a string

To think I thought you really loved me,

But look at what thoughts can bring,

Strange how you stopped loving me,

How you stopped needing me,

When he came along,

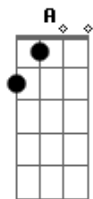

Whoa how strange,

How strange,

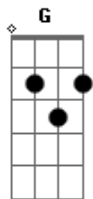

How strange.
