

Alex Y Sebas - Rock

tom:
C
[Primeira Parte]

Am F
I felt so secure
Dm E
With your hook in my chest
Am F
Now there's nothing but a hole
Dm E
Where you used to rest
Am F
You were my shelter
Dm E
In a storm I couldn't see
Am F
Now I'm lost in the wind
Dm E
With nothing left of you in me

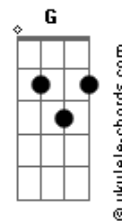

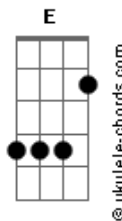

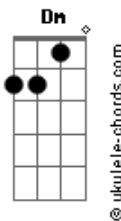

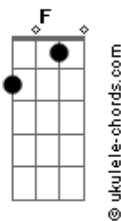

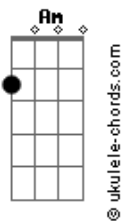

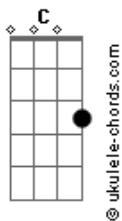

[Refrão]

Am F
But now you're gone
C G
Like the air I used to breathe
Am F
You were so close
C G
In this cold, empty scene
Am F
I can't hold you
C G
Or turn back time
Am F
But the void you left
C G
Cuts deeper than the lie

[Segunda Parte]

Am F
Your smile's a fleeting tune
Dm E
A sunbeam on a winter's day
Am F

Acordes

It could quiet a storm
Dm E
And I believed in you anyway

[Ponte]

Am G
Your curls, no longer gold
F E
Like waves in the blackest sea
Am G
They belong to you alone
F E
They were never meant for me

[Refrão]

Am F
But now you're gone
C G
Like the air I used to breathe
Am F
You were so close
C G
In this cold, empty scene
Am F
I can't hold you
C G
Or turn back time
Am F
But the void you left
C G
Cuts deeper than the lie

[Final]

Am F
You kept your secrets tight
C G
But we shared something deep
Am F
A memory just for us
C G
A truth I could never keep
