

Alexander Stewart - If You Only Knew

tom:

C

I've been trying so hard to survive

Sometimes I think that I wanna die

I feel so fucking guilty cuz god

I'm so lucky to live my life

C

So I keep all the pain to myself

Losing faith but nobody can tell

Mom, I don't want you worried cuz that would just hurt me

So I pretend I'm fine

C

If you only knew

What my mind is telling me I should do

That I'm drunk and all alone in my room here tonight

I'm too sad to cry it's true

C

If you knew

All the shit my brain is putting me through

You'd come running over straight to my room here tonight

I'm sorry but I need you

C

If you only knew

C

I wish I was somebody else

I'm constantly overwhelmed

Now I'm falling again getting drunk with some friends

It's a silent cry for help

I wanna get better, want you to know

That I can't do this on my own

C

If you only knew

What my mind is telling me I should do

That I'm drunk and all alone in my room here tonight

I'm too sad to cry it's true

C

If you knew

All the shit my brain is putting me through

You'd come running over straight to my room here tonight

I'm sorry but I need you

Dm

Take me out of this hell

Oh, somebody help

C

Take me out of this hell

Oh, I'm not myself

C

I wanna tell you what my mind is telling me I should do

That I'm drunk and all alone in my room here tonight

I'm too sad to cry but I want to

C

Oh, if you only knew

Acordes
