

Alexx - I Want You Closer Than Before

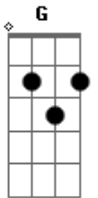

tom:
 Couple hours from japan would did you stay awake
 Losing touch of who I am when you far away
 I feel like I'm running in circles around you hmm
 I know I've been streath for while
 But I want you close oh oh
 Closer than before
 And now I know oh oh
 That I want you close
 I'm not over taking feelings
 I just need you that I know
 That I want you close oh oh
 Closer than before
 I know that we I've been through lound
 Now I'm hiding in the crowd
 I'm be whatever you wanted me to be
 You know I want it by your side

I feel like I'm running in circles around you hmm
 And I know I've been streath for while
 But I want you close oh oh
 Closer than before
 And now I know oh oh
 That I want you close
 I'm not over taking feelings
 I just need you that I know
 That I want you close oh oh
 Closer than before
 Ah ah closer than before
 Ah ah closer than before
 Hiding all my feelings
 Broken from the start
 Wish you never leave me
 In my cold into far
 But I want you close oh oh
 Closer than before
