This is how I play this song when I ain't got no-one to jam with.
It's my first attempt at tabbing anything. Hope it's readable!
I also play a heavily damped galloping rhythm to fill the gaps in the intro solo,
if you know the song you'll know what I mean.

One thing, I miss, Is Cold Ethyl & her
skeleton kiss
We met, last night, making love by the
refrigerator light
