

Alice Cooper - Generation Landslide Intro

Tom: **C**

Guitar Line:

Tabbed by: Just_Chaz

I don't usually tab song introductions on principle, however this one was a request so made a thorough job of it, it does sound peculiar but that's the way it is.

I have also submitted the chords to the rest of this tab on the site; **G F** and **C** major.
If someone asks ill tab the rest of it later on - Just_Chaz
