

# Alice Cooper - I Love The Dead

Tom: F

Em  
I love the dead before they're cold,  
Em  
Their blueing flesh for me to hold.  
Em  
Cadaver eyes upon me see nothing.

Em  
I love the dead before they rise,  
Em  
No farewells, no goodbyes.  
Em  
I never even knew your now-rotting face.  
Em  
While friends and lovers mourn your silly grave.  
Em  
I have other uses for you, Darling.
