Blood Tears Little Girl (Acoustic)

Tabbed by rockingaway

K so I?m not sure of the lyrics, but the tab as well as the lyrics are mostly correct. tab might not be accurate to the song note for note, but it fits with the song. This is a song that I happened to stumble upon. Tried to find tabs as well as lyrics but couldn?t. the point I?m wondering if I got the song title and/or artist name correct. If I made mistake, do inform me! Thanks! This song is so great that I just had to tab it out! Enjoy!

Note: lyrics for that riff are put below the riff itself.  
Intro:

Verse:

Little girl, where did you go?  
Playing in the fields when the sun goes

Before the moon had changed at night  
You had fallen out of sight

Little girl, why did you go away?  
I was missing you, I knew when I strayed

Didn't mean to lie, didn't mean to cry  
I just wanted to say goodbye

Little girl went to the city now  
Got lost in this place up high

All the things you learned were almost real  
(...) strength to heal

Little girl, why did you go away?  
I was missing you, I knew when I strayed

Didn't mean to lie, didn't mean to cry  
I just wanted to say goodbye
