=0D
 Okey dokey this is a really cool song, thank god it's easy to transcribe
 I didn't put any timing into this, and there's a lot of times where the =

open E power chord (022xxx) repeats that I didn't put in, so figure it out yourself. If you can't figure it out, you shouldn't be playing guitar.
 r.
 -the biggest third of FEEDBACK
