Alice In Chains - Sea Of Sorrow

```
Tom: E

Tuning: half step down Eb,Ab,Db,Gb,Bb,eb

Riff A:
      w/slight distortion

                                  pm:
pm
Solo A:
 this is probably wrong, but if you can do best, do it
yourself
eb:-|-------------------------------------------------------
-------------------------------------|-
Bb:-|--slow bend---hold----slow release----------------------
----------15br15-12--8-10-8------|-
Gb:-|---7b(::9)-------------(9r:::7)--/4-/2-/0-\2-
\4/2\4/2\4-0-------------------------------7~~--|-
Db:-|-------------------------------------------------------
-------------------------------------|-
Ab:-|-------------------------------------------------------
-------------------------------------|-
Eb:-|-------------------------------------------------------
-------------------------------------|-

Riff B:
      w/slight distortion

                                  pm:
pm
Riff B: Verse
      Bb          F          Bb          F
```

```
       G\F          Bb       Bb\G           F

Riff C: You opened fire...
       F       C            G                F       C
G

       F       C          A   AAA...

                                  pm::::::::::::::::::::::::::::
Riff D: Chorus
       G        A          E

Riff E:
      w/slight distortion

                                        pm:
pm

Solo: (or at least a closet aproximation of it...not finished)
       w/wah

Riff F: chorus at the end of the song
       G       A       E

       pm::::::::::::::::::::::
```
