

# Alicia Keys - Not Even The King

tom:

Money  
 Some people so poor all that they got is money  
 Oh, and diamonds  
 Some people waste their lives counting their thousands  
 I don't care what they're offering  
 How much gold they bring  
 They can't afford what we got  
 Not even the king  
 They can't afford what we got  
 Not even the king  
 Oh castles, some people so lonely, what good is a castle  
 Surrounded by people, but ain't got a friend  
 That's not on the payroll  
 Oh  
 I don't care what they bring  
 They can have everything  
 They can't afford what we got  
 Not even the king  
 They can't afford what we got  
 Not even the king

Not even the king

All the king's horses and all the king's men  
 Came charging to get what we got  
 They offered the crown and they offered the throne  
 But I already got all that I want  
 All the king's horses and all the king's men  
 They came marching through  
 They offer the world just to have what we got  
 But I found the world in you  
 I found a world in you  
 So darling listen  
 Your arms around me worth more than a kingdom  
 Yeah, believe that  
 That trust that we feel, the kings never felt that  
 Yeah this is the song we sing  
 We don't need anything  
 They can't afford this  
 This is priceless  
 They can't afford what we've got  
 Not even the king  
 They can't afford what we got  
 Not even the king
