

Alicia Keys - Time Machine

tom:

Ebm

Ebm

Fear of what's in the mirror, yeah

Abm

So much to be afraid of

Bbm

Scared of what we're made of

Ebm

And what we might be

Ebm

Young life flies out the window, yeah

Abm

It's not the time that changed us

Ebm

It's the dreams that we weren't chasing

Ebm

Come back to haunt us, eventually

Ebm

That's why every morning, after dawn and

Tell your darling something is calling

Bbm

Ebm

Drive me crazy, I just can't explain it

Ebm

Go out of your mind (out of your mind, out of your mind, out of your mind)

Bbm7

Go out of your mind (out of your mind, out of your mind)

Ebm

No, we can't rewind, life ain't no time machine

Ebm

But once you free your mind, there's beauty in everything

Ebm

That's why every morning, after dawn and

Tell your darling something is calling

Bbm

Drive me crazy, I just can't explain it

Ebm

Go out of your mind (out of your mind, out of your mind, out of your mind)

Bbm7

Go out of your mind (out of your mind, out of your mind)

Ebm

No, we can't rewind, life ain't no time machine

Ebm

But once you free your mind, there's beauty in everything
