

# Alina Baraz - Fantasy

Tom: G

Verse:

So you say you wanna get away  
 We don't need a plane  
 I could be your escape  
 Take you to a place  
 Where there's no time, no space  
 I could be your private island  
 On a different planet  
 Anything could happen  
 Listen to the waves  
 Let them wash away your pain

Chorus:

I could be your fantasy  
 I could be your fantasy  
 Underneath the palm trees  
 You could leave your worries  
 Listen to the waves

Say you wanna get so high?  
 Breath me in like air tonight  
 Listen to the waves  
 I could be your fantasy

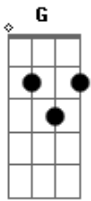

Verse 2:

So you say you wanna get so high?  
 Breath me in like air tonight  
 Let yourself unwind, get lost  
 In the garden of my mind  
 I could be your private island  
 Underneath the palm trees  
 You could leave your worries  
 Listen to the waves  
 Let them wash away your pain

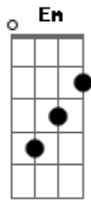

Chorus:

I could be your fantasy  
 I could be your fantasy
