

# Alina Baraz - More Than Enough

tom: C (forma dos acordes no tom de G )  
 Capotraste na 5ª casa

You got a way with words  
 You take away the hurt  
 And it's a blessing and a curse to feel it all  
 You got a way with me  
 You put me in my place when I'm petty  
 Give me what I want when I'm ready  
 Always hold it down  
 Anybody else, I'd be gone by now  
 Doesn't really matter, all that really matter  
 Second I'm with you, all my love pour out  
 Serve it on a platter, all that really matters  
 All that really matters is you keep showing up  
 Promise I'll remind you that you are more than enough

I get lost inside all the stars in your eyes  
 It's a galaxy (galaxy)  
 You control the tide like the moon in the sky  
 You're the gravity  
 Anybody else, would be gone by now  
 Doesn't really matter, all that really matter  
 Second I'm with you, all my love pour out  
 Serve it on a platter, all that really matters  
 All that really matters is you keep showing up  
 Promise that I'll remind you that you are more than enough  
 ( Am Em Dm Dm )  
 ( Am Em Dm Dm )  
 ( Am Em Dm Dm )  
 Ah, mm, ah  
 More than enough, more than enough  
 More than enough, mm  
 More than enough, more than enough  
 More than enough  
 More than enough, more than enough  
 More than enough
