Pom pom - pom pom

 Pom

[Primeira Parte]

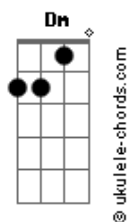

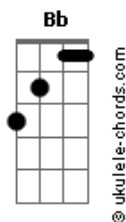

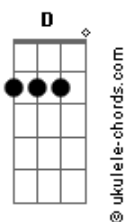

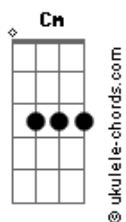

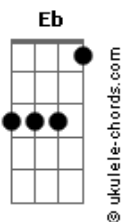

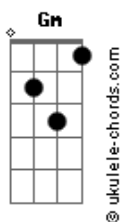

Bite your teeth and pretend that you're not all alone
 And then, took a little time to figure
 Took a little time, but now I know
 You're so up in the clouds, no coming back do-own
 [Pré-Refrão]

Congratulations, you made your heart vacant
 Now I'm down, down, down, down
 Low like a basement
 Manipulations, my double agent
 Thinking -- how to say "Fuck you" in a really nice way
 [Refrão]

Do you think I'm stupid?
 What do you take me for?
 You left me crying -- on the bedroom floor
 You played me like a piano
 Piano-o-o-o -- Piano
 You played me like a piano
 [Segunda Parte]

-- Underneath your discontent
 Tried to act like you never cared
 And I don't want to live forever
 But you don't even care if your heartbeat stops
 You're so up in the clouds

Acordes

Why don't you sort yourself out?
