Intro: Em G C D

Harmônicos naturais

Em  
Brothers in arms  
Are you ready for the stand?  
Blood on the ground  
And mud on your hands  
Take another breath  
And make another try  
You think you're gonna break  
You think you're gonna die  
Get off the dirt  
Listen to the crowd  
Screaming your name  
Screaming out loud  
I know you think you can't  
I know you think you're done  
But we can't stop

Until we've won  
You're not alone  
We're not afraid  
This is our moment  
It won't come again  
So lean on me  
And find your feet  
We will not accept defeat
