

All Time Low - Clumsy

tom:
 E
 I flew too close to the sun
 Dbm A B
 Fell back to Earth like a stone
 Dbm E
 I got too high on myself
 A
 Too young and stupid to tell
 Abm Dbm
 Mixin' fireworks and gasoline
 A B
 Now I'm out to make you fall with me
 A
 I let you down
 B Dbm
 I've been clumsy with your heart again
 E A
 I guess you figured me out
 B Dbm
 Now here's a taste of my own medicine
 E
 (I let you down)

Dbm E
 I'm at the end of the lifeline
 A B
 The catch of a lifetime
 Dbm E
 Oh we were destined for danger
 A
 Familiar strangers

Abm Dbm
 Mixin' fireworks and gasoline
 A B
 Now I'm out to make you fall with me

A
 I let you down
 B Dbm
 I've been clumsy with your heart again
 E A
 I guess you figured me out
 B Dbm E
 Now here's a taste of my own medicine
 A B
 And for all this pain, that I can't explain
 Dbm E
 There's a black flag wavin' tonight

A
 You know I let you down
 B Dbm E
 I've been clumsy with your heart again
 Dbm E
 Turn the desert onto blast
 A
 Droppin' bombs on future's past
 B
 Nothing left for us, shadows dancin' in the ash
 Dbm E
 Turn the desert onto blast
 A
 Droppin' bombs on future's past
 B
 Nothing left for us, shadows dancin' in the ash
 Dbm E
 Turn the desert onto blast
 A
 Droppin' bombs on future's past
 B
 Nothing left for us, shadows dancin' in the ash
 Dbm E
 Turn the desert onto blast
 A
 Droppin' bombs on future's past
 Nothing left

A
 I let you down
 B Dbm
 I've been clumsy with your heart again
 E A
 I guess you figured me out
 B Dbm E
 Now here's a taste of my own medicine
 A B
 And for all this pain, that I can't explain
 Dbm E
 There's a black flag wavin' tonight
 A
 You know I let you down
 B Dbm E
 I've been clumsy with your heart again
 Dbm E
 Turn the desert onto blast
 A
 Droppin' bombs on future's past
 B
 Nothing left for us, shadows dancin' in the ash
 Dbm E
 Turn the desert onto blast

 Droppin' bombs on future's past
