

# All Time Low - Guts

Tom: D

Verso:

G  
Shooting for the stars  
Bm  
Desperately reaching for something in the dark  
A G  
Pictures of memories buried in my heart  
Bm  
Lie awake and dream of the endless possibilities  
A  
Catch my breath and go for it

Pré-Refrão:

G  
Take apart  
Bm A  
Everything that's holding me down  
G  
Make a point  
Bm  
To pick a new direction  
A  
To make a new connection

Refrão:

G  
Is this what it feels like  
Bm A  
Finding out that I've got the guts to say anything?  
G  
Feels like breaking out  
Bm A  
When I can give up my reputation  
Bm A  
Finally, I can see  
G A  
Honestly, I've got the guts to say anything

Verso:

G  
Bold enough to fall flat on my face  
Bm  
When I walk as they crawl  
A G  
Slowing down is just a waste of time to let go  
Bm  
Tapping my fingers to the rhythm of a  
metronome  
Counting opportunities  
Pré-Refrão:

G  
Take apart  
Bm A  
A gravity that's holding me down

Bm  
To find the resolution  
A  
To be my own solution
