

All Time Low - Jasey Rae

Tom: **G**

I tried the other tab and it didnt sound right at all, maybe its a different version or but here's what i could get for the one off of Punk Goes Acoustic 2, if you find just fix them. I may be crazy but i think i hear a high d ringing out in most of the so double drop D's an option, just drop the high e and let it ring in all the chords.

Tuning's Drop **D**
Figure out the strumming, chord progressions are slow
